

FOOD SERVICE INNOVATIONS

THE ARETE INDUSTRIES DIFFERENCE

SITE FURNISHINGS

Our Food Service Innovations product line offers an impressive selection of site furnishings and signage. Customize each piece to promote your brand and maintain a coordinated look throughout your property while catering to the needs of your business' staff and guests.

Waste & Recycling Receptacles

FOOD SERVICE
INNOVATIONS

Waste and recycling receptacles are available in several different capacities, styles and materials. Available in single, double or triple stream configurations with options that include restrictive openings, identification labels, graphic panels and opening flaps. Personalize units by adding your brand's logo, choosing from unique roof styles and coordinating colors and materials with other property amenities.

FEATURES

- Indoor or outdoor use
- Easy-access hinged doors
- Single, double and triple stream configurations
- Heavy-duty, removable roto-molded liners
- Multiple personalization options
- Commercial-grade construction using marine-grade hardware

Modular Cabinets

Our custom-configured cabinets let you decide what features best suit your food service needs. First, choose the type and number of units you want. Second, select your tray/basket or shelf component. Last, select from a wide range of accessories from straw and lid dispensers to silverware containers and condiment organizers.

FEATURES

- Large selection of modular cabinets and capacities
- Several tray return options and configurations
- Flat or angled shelving components
- Many countertop, fixed-panel and modular accessories available
- Multiple logo/branding options.
- Crafted from eco-friendly recycled plastic, ipe, garapa or Lamboo®
- Slide-out drawer and 28-gallon waste receptacle included with select models

Busser Stations

Our unique busser cabinets will keep your dining area operating smoothly and customers satisfied. They are suitable for indoor/outdoor use and can accommodate various busser tubs, depending on model.

Portable Bars

Portable bars offer a convenient and flexible solution for providing poolside beverage service to your patrons. Each bar comes standard with interior storage, an interior trash receptacle and ice cooler, casters for easy mobility, speed rails and an umbrella hole.

FEATURES

- Straight or angled side panels
- Spacious serving shelf
- Hinged access doors
- Interior trash receptacle with liner

Beverage Stations

Our beverage stations offer numerous customizable features and are available in a variety of design styles which makes them perfect solutions for reducing labor costs and enhancing the overall guest experience.

Condiment Carts

Our easy to use condiment carts are the perfect addition to any dining establishment, stadiums, food courts, convenience stores and more! They provide an efficient self-service option and are durable enough to withstand any environment.
